# 2<sup>nd</sup> Grade News

**The End of Year NWEA Assessments are this week. Please check your class connect schedule for your assigned time. This is REQUIRED.** The students will need their camera and mic working during that session. Please be prepared to help them log in, share their screen, and get the assessment started. Then allow them to complete without any help. They should not have calculators, study guides or help reading any tasks. They may use pencil and paper during the math test. This allows us to see your child's current educational level!

**BOG Testing Tutorial will be May 18-20.** Learning Coaches PLEASE plan to help your child with this tutorial during the live session. This is practice for the third grade beginning of year test which will be given online.

Please be sure to re-register for the 2020-2021 school year if you have not already done so. The deadline to decide is June 5th. Your final status must be "registering" or "not registering." **If your status is "unknown" or "undecided" by June 5th, you will lose your enrollment spot.**

**Remember to continue to attend all scheduled class connect sessions and log your hours until June 3<sup>rd</sup>!**

**\*\*Student attendance in live sessions and participation on GoFormatives is required for the entire school year! Please continue to attend class and complete assignments until the very last day 😊 \*\***

## Dates to Remember

May 11-15 – End Of Year NWEA Assessments

May 18-20– Testing Tutorial (Prepare for 3<sup>rd</sup> Grade BOG)

May 25 – Memorial Day – No live classes
